**AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT
MATTER NUMBER 2021R00182**

I, Mitchell G Ward, being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I make this affidavit in support of an application for search warrant for information associated with the following Facebook user “Andrew Misuraco” [<https://www.facebook.com/94whiteboy>] (**Target Account**) that is stored at premises owned, maintained, controlled, or operated by Meta Platform Inc., (“Meta”) a company headquartered in Menlo Park, California. The information to be searched is described in the following paragraphs and in Attachment A and B. This affidavit is made in support of an application for a search warrant under 18 U.S.C. §§ 2703(a), 2703(b)(1)(A) and 2703(c)(1)(A) to require Meta Platform Inc to disclose to the government records and other information in its possession, pertaining to the subscriber or customer associated with the user ID.

2. I am a state certified law enforcement officer employed as a Special Agent with the Wisconsin Department of Justice, Division of Criminal Investigation, (DCI) and have been a sworn officer in the State of Wisconsin for over 30 years. I am currently assigned to DCI’s Milwaukee Field Office, Narcotics Bureau. I am also a federally deputized task force officer for the United States Postal Inspection Service (“USPIS”). As such, I am an investigative or law enforcement officer of the United States within the meaning of Section 2510(7) of Title 18, United States Code, in that I am empowered by law to conduct investigations of and to make arrests for federal felony offenses.

3. The USPIS is the primary investigative arm of the United States Postal Service (“USPS”) and is charged under Title 18, United States Code, 3061 with the enforcement of laws

governing the use and movement of the United States Mail, including the misuse and fraudulent schemes involving the mail, crimes relating to mail fraud, narcotics trafficking and identity theft involving the United States Mail.

4. I have participated in numerous complex narcotics investigations which involved violations of state and federal controlled substances laws and money laundering laws including Title 21, United States Code, Sections 841(a)(1), 843(b) and 846, and Title 18, United States Code, Sections 1956 and 1957, and other related offenses. I have had formal training and have participated in numerous complex drug trafficking investigations, including ones using wiretaps. More specifically, my training and experience includes the following:

- a. I have utilized informants to investigate drug trafficking. Through informant interviews, and extensive debriefings of individuals involved in drug trafficking, I have learned about the manner in which individuals and organizations distribute controlled substances in Wisconsin and throughout the United States;
- b. I have also relied upon informants to obtain controlled substances from dealers, and have made undercover purchases of controlled substances;
- c. I have extensive experience conducting street surveillance of individuals engaged in drug trafficking. I have participated in the execution of numerous search warrants where controlled substances, drug paraphernalia, and drug trafficking records were seized;
- d. I am familiar with the appearance and street names of various drugs, including marijuana, heroin, cocaine, cocaine base (unless otherwise noted, all references to crack cocaine in this affidavit is cocaine base in the form of crack cocaine), ecstasy, and methamphetamine. I am familiar with the methods used by drug dealers to package and prepare controlled substances for sale. I know the street values of different quantities of the various controlled substances;
- e. I am familiar with the language utilized over the telephone to discuss drug trafficking, and know that the language is often limited, guarded, and coded;
- f. I know that drug traffickers often use electronic equipment and wireless and land line telephones to conduct drug trafficking operations;

- g. I know that drug traffickers commonly have in their possession, and at their residences and other locations where they exercise dominion and control, firearms, ammunition, and records or receipts pertaining to such;
- h. I have been assigned to court-authorized wiretaps and have been trained to operate the equipment utilized to conduct such operations;
- i. I know that drug traffickers often put their telephones in nominee names in order to distance themselves from telephones that are utilized to facilitate drug trafficking; and
- j. I know that drug traffickers often use drug proceeds to purchase assets such as vehicles, property, and jewelry. I also know that drug traffickers often use nominees to purchase and/or title these assets in order to avoid scrutiny from law enforcement officials.

5. Based on my training, experience and discussions with United States Postal Inspectors and North Central (formerly Wisconsin) High Intensity Drug Trafficking Area-HIDTA drug task force officers, I know narcotics, drugs, paraphernalia, controlled substances, and moneys associated with the sale of narcotics, drugs, and controlled substances are sent through the USPS system, and I am familiar with many of the methods used by individuals who attempt to use the USPS to illegally distribute controlled substances.

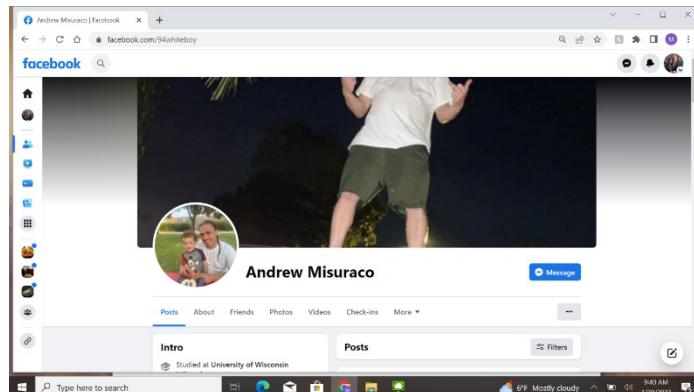

6. The facts in this affidavit come from my personal observations, my training and experience, my review of documents, and information obtained from other agents and witnesses. This affidavit is intended to show merely that there is probable cause for the requested warrant and does not set forth all of my knowledge about this matter.

7. I am currently participating in an investigation of cocaine, marijuana, MDMA, acid and ketamine trafficking, possession of machinegun, and possession of firearms by prohibited persons involving Austin MISURACO, aka "Stewie," Darlin CONTRERAS-LANTIGUA, Andrew CRAWFORD, Alexander CRAWFORD, Andrew CRAWFORD, Quentin Moore, Montrice HOOD, and other identified and unidentified individuals. I further am involved in the

investigation of possible offenses of tampering with a witness, victim, or informant related to the prosecution of these individuals, in violation of Title 18, United States Code Section 1512. I am familiar with the facts and circumstances regarding this investigation as a result of my personal participation in this investigation, and my review of: (a) consensually recorded telephone conversations and face-to-face meetings; (b) reports prepared by, and information obtained from, other federal, state, and local law enforcement agents and officers; (c) information obtained from numerous witnesses, including confidential sources; (d) controlled buys; (e) documentary evidence; (f) physical and electronic surveillance; and (g) physical seizures.

8. This affidavit is submitted in support of an application for a search warrant for Andrew MISURACO's Facebook Account, for evidence of MISURACO's and others' involvement in the above-described offenses between February 1, 2023, to present. More specifically, I seek authorization to search Facebook's information associated with Andrew MISURACO, who is the user associated with the Facebook accounts with the following usernames and ID numbers (Figure 1):

FACEBOOK NAME	FACEBOOK URL
Andrew Misuraco	https://www.facebook.com/94whiteboy

(Figure 1)

PROBABLE CAUSE

1. Case agents were made aware of a Milwaukee area armed drug trafficking organization (ADTO) led by Austin MISURACO. Austin MISURACO uses a variety of communication applications to distribute narcotics including Instagram, Signal, SnapChat and others. Austin MISURACO has used account usernames such as “bestplug-414”, “414Plug”, “milwaukee1414”, and “Best Plug.” In addition to distributing cocaine, Austin MISURACO is also involved in distributing large amounts of Acid, MDMA (Molly), Phycobilin (Mushrooms), THC Vape Cartridges, THC and THC concentrate (Wax). Several other members of Austin MISURACO’s drug trafficking organization have been identified which include Andrew MISURACO, Andrew CRAWFORD and Alexander CRAWFORD, as well as street level dealers associated with the Blow Boyz street gang. Members include Quentin MOORE, Quincy MOORE (Quentin’s brother), and Montrice HOOD.

A. INITIAL INVESTIGATION INTO ADTO

2. On Tuesday, April 13, 2021, Milwaukee Police Department (MPD) executed a search warrant at 8631 North Servite Drive, unit 215, Milwaukee Wisconsin, following a fleeing incident involving Austin MISURACO. The target of the search warrant was Austin MISURACO along with a 2015, silver four door Dodge Charger (vin#2C3CDXGJ6FH833349). Officers recovered \$138,848.00 in US currency, a Bushmaster .556 semiautomatic rifle, a F&N 5.7 semiautomatic pistol, a Ruger 9mm semiautomatic pistol, approximately 18.5 grams of suspected marijuana, an electronic money counter, Austin MISURACO’s iPhone 11 and documents belonging to Austin MISURACO. Officers recovered approximately 18 grams of cocaine base (packaged for sales and distribution), approximately 450 grams of suspected marijuana, a digital gram scale and empty packaging from the 2015 Dodge Charger. The empty packing consisted of

a kilogram wrapper inside of a grocery bag along with dryer sheets. The cocaine residue on the packaging tested positive for the presence of cocaine. Additionally, evidence technicians from the MPD recovered latent prints from the kilogram wrapper that were identified as belonging to Austin MISURACO.

3. On April 16, 2021, MPD obtained a state search warrant for Austin MISURACO's iPhone 11. Case agents reviewed Austin MISURACO's extraction reports. Upon reviewing the extraction report, the report shows Austin MISURACO is trafficking cocaine, MDMA, marijuana, prescription drugs, acid, and mushrooms. Austin MISURACO is using various messaging applications such as Snapchat, Telegram and Signal to facilitate the sales and distribution of narcotics in the greater Milwaukee area. Austin MISURACO regularly posts price lists and photos of narcotics on social media. Case agents reviewed numerous messages related to drug trafficking between Austin MISURACO and his ADTO members: Quentin MOORE, Andrew MISURACO, Andrew CRAWFORD, Alexander CRAWFORD, and Montrice HOOD.

4. Case agents reviewed Austin MISURACO and messages with one of the ADTO's distributors, Andrew MISURACO. Case agents identified Andrew MISURACO's phone number, 414-331-7262, Andrew MISURACO's Snapchat account as whiteboybitch74, and his Facebook account. Program Analyst Vargas identified message strings between October of 2019 through March of 2021 from Facebook, Instagram and Native Messages related to the ADTO's drug trafficking.

5. The messages showed Andrew MISURACO being directed to various locations in the Milwaukee Area to conduct sales of narcotics by Austin MISURACO. Andrew MISURACO and Austin MISURACO often discussed other members of the ADTO, weights, dollar amount and types of narcotics they are distributing, as well as law enforcement presence.

6. For example, on September 21, 2020, Austin MISURACO sent the following to Andrew MISURACO:

AUSTIN MISURACO: Come over
AUSTIN MISURACO: You gotta go do this run
AUSTIN MISURACO: I half of it sold tonight so hurry up
ANDREW MISURACO: Sad
AUSTIN MISURACO: Grab the money and take you ass to Andy come drop it off
ANDREW MISURACO: 45

7. Based on my training, experience, and investigation into the ADTO this conversation was consistent with Andrew MISURACO selling drugs on behalf of his brother Austin MISURACO. Further, “Andy” reference by Austin MISURACO is Andrew CRAWFORD, who also was a member of the ADTO. In other conversations, Austin MISURACO gives Andrew MISURACO descriptions of customer’s autos and told Andrew MISURACO the agreed upon sale price of the narcotics. The download also contains several messages referring to other co-conspirators by their nicknames to include “Shaggy” (Shawn Senter), “Fat” (Quentin MOORE) and “Andy” (Andrew CRAWFORD).

8. As an example, Austin MISURACO messages Andrew MISURACO, the following:

AUSTIN MISURACO: lol game sad an I’m not getting them no more of my coke and fat stripping them soon
ANDREW MISURACO: He mad mad
ANDREW MISURACO: Should of taxed they ass
AUSTIN MISURACO: I got shaggy coming over bringing me acid

9. Case agents reviewed several recorded phone calls made by Austin MISURACO from the Milwaukee County Jail after his drug arrest from April 13, 2021. On April 14, 2021, Austin MISURACO made a call to his girlfriend, Destiny Frazier. Austin MISURACO discussed with Frazier two Gucci bags taken by the police which contained \$80,000 and \$50,000. In addition

to discussing the circumstances of his arrest, Austin MISURACO also asked Frazier to make third party calls to other members of his ADTO, including his brother, Andrew MISURACO. Austin MISURACO discussed amounts of money owed to him by other members of his ADTO. Austin MISURACO told Andrew MISURACO to collect these debts. Austin MISURACO told Andrew MISURACO “Fat”, who was identified as Quinten MOORE, owed Austin MISURACO \$10,500 and “Nu-Nu”, who case agents have identified as Montrice HOOD, owed him \$1,500. Austin MISURACO also discussed other co-conspirators including “Shags”, who case agents identified as Shawn SENTER and Andrew CRAWFORD, who Austin MISURACO identified on recording by first and last name.

10. Also, as part of the investigation, case agents conducted searches of publicly viewable social media accounts members of the ADTO. Case agents located a video of Andrew MISURACO and another ADTO member holding large amounts of money and flashing firearms with extended magazines. Case agents were able to obtain screen shots of the video (Figures 2, 3, and 4).

Figure 2

Figure 3

Figure 4

B. CONTROLLED BUY FROM ANDREW MISURACO AND AUSTIN MISURACO

11. Generally during the below listed controlled buy of controlled substances, CI 3372 placed text messages, captured audio and video of the controlled buy, was followed to and from the controlled buy location, CI 3372 and his vehicle was searched before and after the controlled purchase with no drugs, money, or weapons located, was provided “buy money”, debriefed after the controlled buy, and the above evidence and statements reviewed and verified by law enforcement. Additionally, the controlled substances were all weighed and tested positive for the listed substance using Nark II test kits following the printed instructions.

12. On July 8, 2021, case agents met with CI 3372 who had been in contact with Austin MISURACO on July 7, 2021, via Snapchat. Austin MISURACO indicated that he had high grade marijuana for sale and “mushrooms” (psilocybin) for \$1,600 per pound. Case agents directed CI 3372 to contact Austin MISURACO via Snapchat and arrange a purchase of narcotics. Austin MISURACO agreed to sell CI 3372 one ounce of high-grade marijuana for \$250. Austin MISURACO indicated that it would be at least an hour before he could deliver the marijuana. Austin MISURACO then directed CI 3372 to his brother, Andrew MISURACO via Snapchat at “Whiteboybitch74.” CI 3372 then contacted Andrew MISURACO who agreed to sell CI 3372 one ounce of marijuana. Andrew MISURACO then directed the CI to the area near North 51st Street and West Good Hope Road in Milwaukee, Wisconsin. CI 3372 then drove to the meet location and purchased one ounce of marijuana from Andrew MISURACO.

13. CI 3372 is credible and reliable because CI 3392 has provided intelligence concerning drug trafficking activities for Austin MISURACO and others that has been independently corroborated through queries of law enforcement databases and law enforcement

investigation. CI 3372 has also made statements against his/her own penal interests. CI 3372 has no felony convictions. CI 3372 has no arrests or convictions relating to dishonesty. CI 3372 is cooperating with law enforcement in exchange for consideration regarding felony drug trafficking offenses.

C. INDICTMENT OF ADTO AND ARREST OF ANDREW MISURACO

14. On December 20, 2022, in the United States District Court, Eastern District of Wisconsin, a Grand Jury indicted Andrew MISURACO for conspiracy to possess with the intent to distribute controlled substances in violation of Title 21, United States Code, Section 841(a)(1) and 846. Also indicted was Andrew MISURACO's brother, Austin MISURACO, Andrew CRAWFORD, Alexander CRAWFORD, Darlin CONTRERAS-LANTIGUA, Quentin MOORE, and one other defendant.

15. Case agents reviewed recorded calls made by Austin MISURACO while in custody at the Milwaukee County House of Corrections. On December 23, 2022, Austin MISURACO called his brother, Andrew MISURACO at the number of 414-331-7262 (recorded jail call 274930527). Andrew MISURACO began the call by telling Austin MISURACO, "Brother you've been indicted with everybody." Austin MISURACO asked, "who's everybody?" Andrew MISURACO stated, "they're missing two, but they have in custody so far, you, Fat, the twins, both of them, dumb and dumber, our haircut dude, our hair cut guy but the one the twins fuck with the most." Later in the call, Andrew MISURACO told Austin MISURACO that there are two names "blacked out." Austin MISURACO then told Andrew MISURACO "You need to be low, and everyone else needs to be low." Case agents know "Fat" to be the alias of Quentin MOORE, Andrew CRAWFORD and Alexander CRAWFORD are twins and Darlin CONTRERAS-LANTIGUA was a barber.

16. On January 10, 2023, case agents responded to 4357 South 20th Street, Milwaukee Wisconsin to execute the federal arrest warrant of Andrew MISURACO. Case agents took Andrew MISURACO into custody. Andrew MISURACO was in possession of a blue Apple iPhone with a black case at the time of his arrest.

17. On January 10, 2023, case agents conducted a consent search of the residence located at 4357 South 20th Street, Milwaukee, Wisconsin, where Andrew MISURACO was taken into custody and residing at the time. In addition to eight loaded firearms and numerous ammo (Figures 5 and 6) in the residence, case agents recovered a black, Apple iPhone with a cracked screen located inside a large gun safe in the living room of the residence.

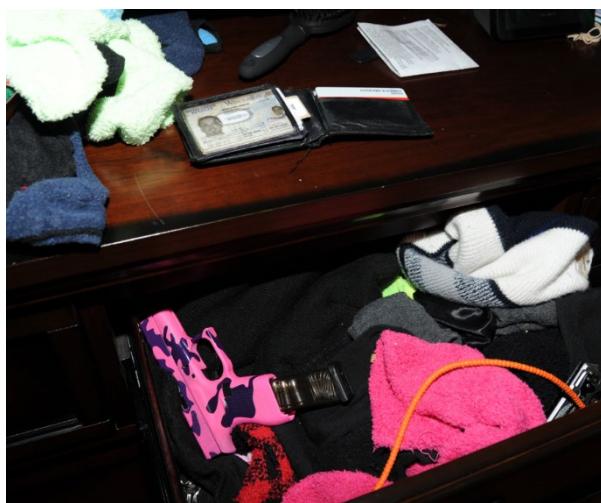

Figure 5

Figure 6

18. On January 10, 2023, Andrew MISURACO appeared before Magistrate Judge William E. Callahan for his initial appearance and detention hearing. Andrew MISURACO was released from custody with several conditions.

19. On January 29, 2023, case agents obtained screenshots from Andrew MISURACO's Facebook account, <https://www.facebook.com/94whiteboy>. (**Target Account**).

The screenshots were provided to case agents by Alexander CRAWFORD's defense counsel. On December 18, 2022, Andrew MISURACO created a Facebook post referencing his bother Austin MISURACO (Austin Nitsua) and his two cousins, Quincy MOORE ("Nut") and Quentin MOORE ("Fat") being incarcerated. Andrew MISURACO also makes a threat against cooperating witnesses/suspects "fuck the rat mfk know how we comeing" (Figure 7).

Figure 7

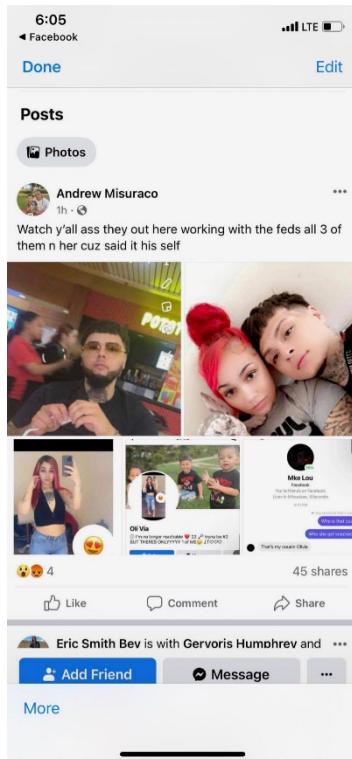

20. On December 24, 2022, Andrew MISURACO reached out to Alexander CRAWFORD's sister on Facebook using the **Target Account**. Andrew MISURACO refers to both ANDREW CRAWFORD and ALEXANDER CRAWFORD being arrested and writes, "Yo brothers snitching" (Figure 8).

Figure 8

21. On March 10, 2023, case agents received a screenshot from Andrew MISURACO's Facebook account (**Target Account**) (Figure 9). This was provided to case agents by Maxyn Torres, the girlfriend of Andrew CRAWFORD. The screenshot was of a post of a statement, "Watch y'all ass out here working with the feds all 3 of them n cuz said it his self." The statement is accompanied by photos of Andrew CRAWFORD, Alexander CRAWFORD, Oliva KEIZER (Alexander CRAWFORD's girlfriend) and three children. Case agents understood this post to being a warning that Andrew CRAWFORD and Alexander CRAWFORD are cooperating with the government. Based on my training, experience, and investigation into this ADTO, I also believe Andrew MISURACO's post is meant to thwart the government's efforts to continue this investigation and potentially threaten the safety of Andrew CRAWFORD and Alexander

CRAWFORD, especially when taken into consideration with Andrew MISURACO's December 18, 2022 post and text messages on December 24, 2022.

(Figure 4)

22. Case agents believe the Facebook account associated with user "Andrew MISURACO", <https://www.facebook.com/94whiteboy> (**Target Account**) continues to contain valuable information that could be used as evidence for the possible crimes of distribution and possession with intent to distribute controlled substances and conspiracy to distribute and possess with the intent to distribute controlled substances, violations of Title 21, United States Code, Sections 841 and 846 and tampering with a witness, victim, or informant related to the prosecution of these individuals, in violation of Title 18, United States Code Section 1512.

FACEBOOK INFORMATION

23. Case agents believe the Facebook content sought and outlined in Attachment B are evidence relating to this investigation are available to Meta.

24. Meta owns and operates Facebook, a free-access social networking website that can be accessed at <http://www.facebook.com>. Facebook users can use their accounts to share communications, news, photographs, videos, and other information with other Facebook users, and sometimes with the general public.

25. Meta asks Facebook users to provide basic contact and personal identifying information either during the registration process or thereafter. This information may include the user's full name, birth date, gender, e-mail addresses, physical address (including city, state, and zip code), telephone numbers, screen names, websites, and other personal identifiers. Each Facebook user is assigned a user identification number and can choose a username.

26. Facebook users may join one or more groups or networks to connect and interact with other users who are members of the same group or network. Facebook assigns a group identification number to each group. A Facebook user can also connect directly with individual Facebook users by sending each user a "Friend Request." If the recipient of a "Friend Request" accepts the request, then the two users will become "Friends" for purposes of Facebook and can exchange communications or view information about each other. Each Facebook user's account includes a list of that user's "Friends" and a "News Feed," which highlights information about the user's "Friends," such as profile changes, upcoming events, and birthdays.

27. Facebook users can select different levels of privacy for the communications and information associated with their Facebook accounts. By adjusting these privacy settings, a Facebook user can make information available only to himself or herself, to particular Facebook

users, or to anyone with access to the Internet, including people who are not Facebook users. A Facebook user can also create “lists” of Facebook friends to facilitate the application of these privacy settings. Facebook accounts also include other account settings that users can adjust to control, for example, the types of notifications they receive from Facebook.

28. Facebook users can create profiles that include photographs, lists of personal interests, and other information. Facebook users can also post “status” updates about their whereabouts and actions, as well as links to videos, photographs, articles, and other items available elsewhere on the Internet. Facebook users can also post information about upcoming “events,” such as social occasions, by listing the event’s time, location, host, and guest list. In addition, Facebook users can “check in” to particular locations or add their geographic locations to their Facebook posts, thereby revealing their geographic locations at particular dates and times. A particular user’s profile page also includes a “Wall,” which is a space where the user and his or her “Friends” can post messages, attachments, and links that will typically be visible to anyone who can view the user’s profile.

29. Facebook users can upload photos and videos to be posted on their Wall, included in chats, or for other purposes. Users can “tag” other users in a photo or video and can be tagged by others. When a user is tagged in a photo or video, he or she generally receives a notification of the tag and a link to see the photo or video.

30. Facebook users can use Facebook Messenger to communicate with other users via text, voice, video. Meta retains instant messages and certain other shared Messenger content unless deleted by the user, and retains transactional records related to voice and video chats of the date of each call. Facebook users can also post comments on the Facebook profiles of other users

or on their own profiles; such comments are typically associated with a specific posting or item on the profile.

31. If a Facebook user does not want to interact with another user on Facebook, the first user can “block” the second user from seeing his or her account.

32. Facebook has a “like” feature that allows users to give positive feedback or connect to particular pages. Facebook users can “like” Facebook posts or updates, as well as webpages or content on third-party (*i.e.*, non-Facebook) websites. Facebook users can also become “fans” of particular Facebook pages.

33. Facebook has a search function that enables its users to search Facebook for keywords, usernames, or pages, among other things.

34. Each Facebook account has an activity log, which is a list of the user’s posts and other Facebook activities from the inception of the account to the present. The activity log includes stories and photos that the user has been tagged in, as well as connections made through the account, such as “liking” a Facebook page or adding someone as a friend. The activity log is visible to the user but cannot be viewed by people who visit the user’s Facebook page.

35. Facebook also has a Marketplace feature, which allows users to post free classified ads. Users can post items for sale, housing, jobs, and other items on the Marketplace.

36. In addition to the applications described above, Meta provides users with access to thousands of other applications (“apps”) on the Facebook platform. When a Facebook user accesses or uses one of these applications, an update about that the user’s access or use of that application may appear on the user’s profile page.

37. Meta also retains records of which IP addresses were used by an account to log into or out of Facebook, as well as IP address used to take certain actions on the platform. For example, when a user uploads a photo, the user’s IP address is retained by Meta along with a timestamp.

38. Meta retains location information associated with Facebook users under some circumstances, such as if a user enables “Location History,” “checks-in” to an event, or tags a post with a location.

39. Social networking providers like Meta typically retain additional information about their users’ accounts, such as information about the length of service (including start date), the types of service utilized, and the means and source of any payments associated with the service (including any credit card or bank account number). In some cases, Facebook users may communicate directly with Meta about issues relating to their accounts, such as technical problems, billing inquiries, or complaints from other users. Social networking providers like Meta typically retain records about such communications, including records of contacts between the user and the provider’s support services, as well as records of any actions taken by the provider or user as a result of the communications.

40. As explained herein, information stored in connection with a Facebook account may provide crucial evidence of the “who, what, why, when, where, and how” of the criminal conduct under investigation, thus enabling the United States to establish and prove each element or alternatively, to exclude the innocent from further suspicion. In my training and experience, a Facebook user’s IP log, stored electronic communications, and other data retained by Meta, can indicate who has used or controlled the Facebook account. This “user attribution” evidence is analogous to the search for “indicia of occupancy” while executing a search warrant at a residence. For example, profile contact information, private messaging logs, status updates, and tagged

photos (and the data associated with the foregoing, such as date and time) may be evidence of who used or controlled the Facebook account at a relevant time. Further, Facebook account activity can show how and when the account was accessed or used. For example, as described herein, Meta logs the Internet Protocol (IP) addresses from which users access their accounts along with the time and date. By determining the physical location associated with the logged IP addresses, investigators can understand the chronological and geographic context of the account access and use relating to the crime under investigation. Such information allows investigators to understand the geographic and chronological context of Facebook access, use, and events relating to the crime under investigation. Additionally, location information retained by Meta may tend to either inculpate or exculpate the Facebook account owner. Last, Facebook account activity may provide relevant insight into the Facebook account owner's state of mind as it relates to the offense under investigation. For example, information on the Facebook account may indicate the owner's motive and intent to commit a crime (e.g., information indicating a plan to commit a crime), or consciousness of guilt (e.g., deleting account information in an effort to conceal evidence from law enforcement).

41. Therefore, the servers of Meta are likely to contain all the material described above, including stored electronic communications and information concerning subscribers and their use of Facebook, such as account access information, transaction information, and other account information.

INFORMATION TO BE SEARCHED AND THINGS TO BE SEIZED

42. I anticipate executing this warrant under the Electronic Communications Privacy Act, in particular 18 U.S.C. §§ 2703(a), 2703(b)(1)(A) and 2703(c)(1)(A), by using the warrant to require Meta to disclose to the government copies of the records and other information (including

the content of communications) particularly described in Section I of Attachment B. Upon receipt of the information described in Section I of Attachment B, government-authorized persons will review that information to locate the items described in Section II of Attachment B.

JURISDICTION

43. This Court has jurisdiction to issue the requested warrant because it is “a court of competent jurisdiction” as defined by 18 U.S.C. § 2711. 18 U.S.C. §§ 2703(a), (b)(1)(A) & (c)(1)(A). Specifically, the Court is a district court of the United States that has jurisdiction over the offense being investigated.” 18 U.S.C. § 2711(3)(A)(i).

CONCLUSION

44. Based on the foregoing, I request that the Court issue the proposed search warrant.

45. Pursuant to 18 U.S.C. § 2703(g), the presence of a law enforcement officer is not required for the service or execution of this warrant. The government will execute this warrant by serving it on Meta. Because the warrant will be served on Meta, who will then compile the requested records at a time convenient to it, reasonable cause exists to permit the execution of the requested warrant at any time in the day or night.
